

A Christmas Fabula
Simon & Michael

Salve, est Fido. Sum alienus lupo. Habito on the planet K-9. Vita on the planet K-9 est bona. I want discere verus meaning of Christmas. Ivi ad centurionem et rogavit about the verus meaning of Christmas. The centurio semper scivit the iustum et aptum thing to do. Dixit that I should go ad terram. So I got my jet pack et volavit ad terram. Veni ad terram et spectavi multos flores, beati pueri et puellae, et aliena aedificia.

Then I met Billy. Rogavi eum about the verus meaning of Christmas. Then he told me about Jesus Christ who was born in a stable et venit to die for our culpae. Eram very laetus because now scio the verus meaning of Christmas. Volavi back to planet K-9 et dixi centurioni about Jesus, et familiae dixerunt. Soon the entire planet K-9 scivit about Jesus. Sol melted planet K-9 smaller, et id became Mercury.
