Page 198	Add clarification note for "I kept walking" and "I kept standing" addressing the simple imperfect tense.	Add the following note: *As noted in chapter 17 of *Latin for Children Primer A*, the imperfect tense is rarely translated in the simple perfect (e.g., I walked, I stood). This is because the simple imperfect does not explicitly communicate ongoing action in the past. The perfect tense, which is covered in-depth in *Primer C*, would be the more typical tense used for such translations as "I walked" or "I stood."
Pages 199, 275	Add clarification note for "I kept loving" addressing the simple imperfect tense.	Add the following note: *Rarely translated as the simple imperfect "I loved."

Note: **Version 4.0** was dramatically revised from the previous versions. The extensive 2018 revision includes a full-color design, the insertion of an adventure storyline for students to follow throughout the text, a complete new Latin-language content edit, and assorted other edits. Due to the length of these revisions and the page numbers changing as a result, we will not list each revision in this errata sheet. Please note: The chapter-by-chapter Latin grammar sequence remains the same as previous versions.
